Scope

Pimary Field of Application (FoA) Reports (owned by this certified company)

Primary FoA reports owned by this PV certified company are listed on the PV-Mark certificate along with the latest revision status. They are either used in isolation or can be used in conjunction with an appropriate associated document that is listed below, providing that the FoA report allows it and that both documents are compatible with each other. Where more than one primary FoA is listed for the same doorset type, they cannot be mix and matched, only one FoA is to be chosen and followed precisely.

Primary Field of Application Reports (owned by and cascaded by a System Supplier)

Primary FoA reports owned by a System Supplier are listed on the PV-Mark certificate. The revision status of each FoA can be verified on the BMTV website under each System Supplier's certification entry. They are either used in isolation or can be used in conjunction with an appropriate associated document that is listed below, providing that the FoA report allows it and that both documents are compatible with each other.
Where more than one primary FoA is listed for the same doorset type, they cannot be mix and matched, only one FoA is to be chosen and followed precisely.
